Is Caravanning in Mexico for *you?*

It would be quite foolish of us to claim that Mexico is for everyone. Let's face it; some people love only Florida and others can't stand it. That's just the way it is. But if your are looking for an adventure of a life time, Mexico is a place to see and enjoy

Here's a Look!

Visit archaeological sites like: Palenque, and Chichèn Itza. Visit one of the most beautiful theatres on the continent and see the Ballet folklórico of Mexico. Go snorkelling in the blue waters of the Caribbean. Visit the floating gardens of Xochimilco, Cathedral of Mexico City, Basilica de Guadalupe and the National Museum of Anthropology. Visit the village of Tequila and its distilleries. Take a train ride across the Copper Canyons, 4 time bigger than the Grand Canyon. Go horseback riding on the beach or in the Sierra Madre (a view to take your breath away). Swim in hot spring pools (39C). Follow the Mayan route into the state of Chiapas and all in the comfort of your motor home or trailer.

Be an early bird and **save \$100**. If you pay your trip before July the 1st.

For more information, please write or phone, from the 1st of May to the 15th of October.
